HOW TO FILL OUT THE ORDER FORM

- Simply enter the names and addresses of persons receiving toffee on this sheet. Delivery is guaranteed if addresses are current and correct.
- Indicate how many boxes are needed for each recipient. Multiply that quantity times the price per box to arrive at the cost for that recipient.
- Based on the shipping table, determine the shipping charges for all orders.
- Tell us the approximate date you wish each package to arrive and how you want the greeting card signed.

For the holidays please place your orders early to allow additional processing and shipping time.

- If you need additional spaces, duplicate the order page or provide the needed information on another sheet.
- Then calculate the total charge at the bottom. Add the totals from each page and enter that amount at the Grand Total.
- Select your method of payment. Be sure you provide the accurate credit card number, expiration date, V code (back side of card, last 3 digits or 4 for American Express) and billing address for this credit card. Credit card companies require this information to guard against credit card fraud. Your transaction could be rejected if the information is incomplete or inaccurate causing delays in your shipment. We reserve the right to add charges to verify incomplete or incorrect information.
